ABSORBING

SINGLE USE

ECOFRIENDLY

The **Organic** wipe that takes care of cats and dogs hygiene

Effective drying and cleanliness of pet's paws, fur and delicate body parts.

Highly absorbing and without the use of detergents, preservatives or perfumes.

Dogs olfaction is very high. Let's keep their needs into consideration.

Daily use

Dedicated use

(On the advice of the veterinarian)

Cotton Pets cleans your **dog's paws and fur** after a walk in the park.

Paws and fur

The ideal solution for disinfecting **the paws** of those breeds subjected to **pododermatitis** (e.g.: Bulldogs, Pugs, German Shepherd, Labradors, etc.)

The ideal solution for the cleanliness **around the eye** of both cats and dogs.

Around the eye

The ideal solution for the cleanliness of **cats and dogs eyes** if affected by **conjunctivitis**, before treating them with eyedrops or ophthalmic ointments.

An ideal solution for the cleanliness of the **external part of the ear**.

External ear

An ideal solution for the cleanliness of the **external part of ear canal** before treating it with otological products in the cure of otitis (leaves no residuals).

The ideal solution for the cleanliness around the **muzzle area**.

Muzzle area

The ideal solution for cleaning **muzzle skin fold** in brachicephalic breeds (e.g.: Bulldogs, Shih tzu, Pugs, Boxer, Pekingese) and to prevent infections and overgrowth of bacteria and yeasts.

The ideal solution for cleaning a **dog's lips** after intensive salivation or after meals.

Salivation

A regular cleansing of **lips** helps preventing infections and overgrowth of bacteria or yeasts in those breeds with predisposition (e.g.: Boxer, Basset hound, Bulldogs).

An ideal solution for the cleanliness of **cutting, wounds or bites**.

Wounds or bites

The ideal solution for disinfecting **wounds**: must be moistened with deterging or disinfecting solutions.
